AI Auto Tracking PTZ Camera

**ZOOM** Certified

AVer

# **PRECISION MATTERS**

The PTC310UV2 AI Auto Tracking PTZ Camera makes powerful and reliable Pro AV capability available to everyone. Drawing inspiration from the AVer Professional PTZ Camera family, the PTC310UV2 features in-house AI functions like Presenter Mode, Zone Mode, and Hybrid Mode auto tracking, thanks to Human Detection processing. Combine the 12X Optical Zoom lens and 4K resolution with hybrid auto tracking and smooth PTZ functions for broadcasting, streaming, or recording. Your exciting journey of audio and video capturing starts here!

4K Ultra HD Resolution 12X Optical Zoom

II IP/HDMI/ USB/3G-SDI Human Detection Al Presenter Mode Zone Mode

Hybrid Mode

Intuitive Intuitive Web UI

Upside-Down Installation

#### **4K Output Resolution**

Equipped with 4K resolution, the PTC310UV2 provides ultra-precise auto tracking. The PTC310UV2 also features a Sony sensor that maintains a truly impressive video performance through every frame of your production.

### **12X Optical Zoom**

The zoom power of the PTC310UV2 camera reaches an incredible 144X (including 12X Digital Zoom). It works even while the camera is panning and tilting, allowing you to highlight content and rapidly change shooting angles. Operate a closer and clearer video feed with the unbeatable PTZ performance of the PTC310UV2.

#### **Human Detection Al**

Welcome AVer's most advanced AI tool yet—Human Detection. This highly accurate processing function enables PTC310UV2 to easily detect and capture human forms and moving objects in seconds. Never miss a tracking target again.

#### **Click & Track**

Redirect focus in an instant with the PTC310UV2. Simply click on a target to quickly adjust the shooting angle and initiate precise tracking. This advanced feature is easy for anyone to operate via both remote control and intuitive Web UI.

#### **Presenter Mode**

Track your target everywhere with Presenter Mode. This feature gives presenters the flexibility to leave the stage and interact with the audience, all while being continuously tracked. The camera stays locked on its target, even if other people or objects get in the way.

#### Zone Mode

Zone Mode enhances your ability to capture content on multiple displays. Create up to four content zones to steadily capture the content on display rather than the presenter's movements.

#### **Hybrid Mode**

Hybrid Mode provides the utmost freedom of movement for performing artists. Preset effective areas for Zone Tracking in advance, and once you step into those areas, you will be targeted together with the content. When you are outside, you are just like in Presenter Mode.

Part no. 61S9130000AF EAN code 4719552126750

#### **Product Specifications**
